

Marketing Communications Manuals

Visual Identity

Key elements for a recognizable impact

Roca

This document is intended to reflect the visual identity of the Roca Brand for commercial purposes.

This manual may not be applied to:

Corporate Comm (*Roca Group*)

Institutional Comm (*PR, Annual report*)

Internal Comm (*HR, RocaSphere, Waterdrops*)

Other entities (*WAW, RCU, Roca Gallery*)

Other brands (*Laufen, Armani/Roca, Gala*)

Any application other than the ones included in this Manual needs to be consulted with the Marketing Communications team.

The Clip

The typeface

Iconography
and illustrations

Roca channels

Roca Life

Roca Pro

Roca Contract

The Clip

In the search of the brand's personality, in all commercial communications, Roca's logotype is placed on a black square we call the Clip.

THE CLIP

Main application

Construction

The normalization and construction of the Clip based on the dimension "x" results in the main application.

Minimum sizes and isolation area

The location of the Clip in any format needs to be affixed to one of the margins. It can never be loose.

The isolation area of the free sides is always the same and is determined by the width of the letter "R".

MINIMUM SIZES

15mm

Offline

40px

Online

Exceptions

In those cases in which the Clip needs to be applied to an already stipulated format, the black square of the Clip will adapt to its container until reaching its width or height, without modifying the proportion of the Clip.

It is then centered vertically or horizontally and the remaining area is filled with the colour of the Clip.

Incorrect uses

Modifying the proportion of the Roca logotype on the Clip

Changing the position of the logotype inside the Clip

Use of gradients

Use of different colours

Eliminating elements of the logo

Use of shades

THE CLIP

The colour of the Clip

The main colour of the Clip is

Pantone Black C.

There are three complementary colours: Pantone 424C, Pantone 420C and Pantone 420C (20%).

These will be used in the application of the visual style, always as complementary and if necessary, neither in the Clip nor as a substitute for it.

#C7C9C7

PANTONE 420C (20%)
C6 M4 Y6 K0
R242 G242 B242
#F3F3F2

Position of the Clip on the image

The Clip will always be affixed to one of the margins and the corresponding isolation area on the non-affixed sides will always be respected.

Position of the Clip on intersections

In those pieces that combine different blocks, the Clip will always be centered between both blocks, with half of its surface on each one of them.

Roca channels

The construction of the logotype of each channel is based on the use of the Clip along with the logotype of the channel in a lower coloured rectangle, both forming a square.

Roca Life

It is the inspirational communication channel primarily aimed at end users.

ROCA LIFE

Logotype

The image displays a logotype for 'ROCA LIFE'. The word 'LIFE' is rendered in a highly stylized, cursive script. Each letter is formed by a single, continuous, thin black outline. The 'L' is tall and slanted to the right. The 'I' is shorter, with a small diamond-shaped cutout at its top. The 'F' is tall and slanted to the left. The 'E' is shorter and slanted to the right. The overall style is elegant and modern, with a focus on the negative space and the fluidity of the lines.

Logotype

The Roca Life logotype is made up of the Clip and a lower coloured rectangle, both forming a square. The proportion of the channel with regard to the Clip is 1/3.

Minimum sizes and isolation area

The isolation area of the free sides is always identical and is determined by the width of the letter "R".

MINIMUM SIZES

18mm

Offline

50px

Online

Incorrect uses

The horizontal composition

Inside Roca's platforms or in environments where the channel is already well recognized, its logotype can also be composed horizontally, thus equaling the weights of the clip and the coloured rectangle.

Minimum sizes and isolation area

The isolation area of the free sides is always identical and is determined by the width of the letter "R".

MINIMUM SIZES

36mm

Offline

300px

Online

ROCA LIFE

Roca Life's colour

The colour of the lower rectangle for Roca Life is **Pantone 144C**.

There are two complementary colours: Pantone 1595C and Pantone 143C. These will be used in the application of the visual style, always as complementary and if necessary, neither in the lower rectangle nor as a substitute for it.

This document belongs to a set of documents called Marketing Communication Manuals.

The following documents also belong to that set:

- Advertising Manual
- Catalogues Manual
- Point of Sales Manual
- Fairs Manual
- Audiovisuals Manual
- Images Manual
- Packaging Manual
- Website & Digital Manual

Roca

The Roca logo consists of the word "Roca" in a bold, white, sans-serif font. Below the text is a white graphic element that resembles a stylized wave or a horizontal line with a slight curve, ending in a small rectangular block on the right side.
